CURE FOR CONSUMPTION.

Berlin Medical Society Announces a
New Remedy.

Berlin, May 14.—The announcement made by the Berlin Medical society of a new remedy for consumption called sanosin has attracted much attention. Dr. Danelius of Sommerfeld, read a paper on the cure before the society. He showed that a number of patients, mostly workmen, had been cured of consumption and said they were treated without interference with their work. The use of sanosin prevents coughing, fever and night sweats and results in the patients gaining in weight. Even in severe cases of consumption, the progress of the disease has been arrested. The remedy was discovered by Dr. Robert Schneider.

MAY SETTLE DISPUTE

BUSINESS MEN SUCCEED IN DELAYING STRIKE ON THE GREAT NORTHERN.

OUTLOOK NOT SO GLOOMY

Hopes for an Amicable Adjustment of Differences Far Brighter Than at Any Time Since Negotiations Were Suspended—Another Conference to Be Held at Which Final Action Will Be Determined Upon.

St. Paul, May 14.—There is likely to be a settlement of the Great Northern's labor controversy today.

The conference among the St. Paul and Minneapolis jobbers, the trainmen's committee and General Manager F. E. Ward will be continued, and there is a probability that an agreement will be reached, settling the trouble in an amicable manner.

One thing is certain, today's meeting will decide finally what action the men and the company are going to pursue.

For six long hours yesterday the Twin City jobbers did their utmost in an attempt to bring about an adjustment of the difficulty, without having the men resort to drastic measures. At times it looked as if their efforts were in vain, but patience and diplomacy triumphed, and the session closed at 6:15 o'clock last evening, with hopes far brighter for a peaceful settlement than they had been at any time since the negotiations were suspended Tuesday afternoon.

On what ground the proposed settlement is to be effected, none of the parties interested would say last evening. They preferred to await today's action before making any statement. General Manager Ward, A. B. Garretson, W. T. Newman and J. W. Cooper, all declined to be interviewed. They were giving no information regarding the progress of the negotiations.

Two Sessions Held.

Yesterday's conference was held in two sessions. It opened at 10 o'clock with a large delegation of business men and the full trainmen's committee present. J. W. Cooper, who was one of the St. Paul jobbers instrumental in arranging the meeting, was elected chairman, and presided at both sessions. The morning meeting was informal, but detailed discussion of the questions involved. A. B. Garretson, of the Order of Railroad Conductors, and W. T. Newman of the Railway Trainmen's organization, presented their side of the case.

Several of the jobbers asked questions and R. A. Kirk, E. N. Saunders, W. J. Dean, T. B. Walker and others delivered short addresses explaining the business men's position and asking the men to carefully consider the industrial interests of the Northwest before they resorted to drastic measures.

The afternoon meeting was executive. A committee of eight business men represented the jobbers, Messrs. Newman and Garretson were present in the interest of the trainmen, and Manager F. E. Ward attended a part of the session. Mr. Ward was not at the morning meeting, nor was any representative of the Great Northern.

One of the jobbers asked why the question could not be arbitrated. W. T. Newman, of the trainmen's organizations replied that it had been by other lines, and that the proposition now offered to the company was the decision of the arbitration board. He then gave a history of the fight with the other transcontinental lines.

Negotiations Returned.

From 1:30 o'clock until 3:10 the

jobbers' committee discussed the situation with the two grand officers who represented the trainmen.

The trainmen then retired and General Manager Ward arrived, and the conference reviewed the company's case for an hour and a half. Then Messrs. Newman and Garretson were again summoned.

Mr. Ward withdrew from the conference as soon as the grand officers came, but was later called into the conference and the negotiations between the men and the company, which had been broken off Tuesday, were again resumed through the medium of the Minneapolis and St. Paul business men.

During the hour following the meeting of the grand officers and Mr. Ward there was much earnest discussion. At the eleventh hour a small compromise was reached. The grand officers agreed to continue the conference. True it was small, but by the concession made a peaceful settlement may finally result.

Instead of a strike declaration being made at 6 o'clock as threatened, the grand officers and business men left the committee room fifteen minutes after that hour, feeling that the continued conference will certainly be productive of favorable results.

BEFORE THEY ARBITRATE.

Chicago Laundry Workers Want Non-union Men Discharged.

Chicago, May 14.—The offer of the Laundry Owners' association to arbitrate the laundry strike was refused at night by President Wilson of the Laundry Workers' union. President Wilson, in a letter to the Chicago board of arbitration, which had been asked by the owners' association to try to effect a settlement of the difficulty, stated that the strikers would never consent to arbitration until the employers agreed to discharge all non-union employees. The owners positively refused to do this, claiming that such a step on their part would be unconstitutional. This part of the demands of the strikers has been a stumbling block to a settlement of the strike for the past week.

Further effort to induce the strikers to accept arbitration is to be made through the National Teamsters' union, of which the laundry drivers are members.

FLOOD AT JACKSONVILLE.

Heavy Loss Occasioned by High Water in Business District.

Jacksonville, Fla., May 13.—The rain which fell Tuesday night assumed almost the proportions of a cloudburst Wednesday morning and when the citizens prepared to leave for their places of business, many of them found their homes completely surrounded by water. Many were driven from their residences or forced to go to upper stories by the water that in some cases reached the level of the first story windows. In all as much as one square mile of the town was under water. Fully half a mile of Bay street, the principal thoroughfare of the city, was under water, and much damage was done to stocks of goods. The water was two feet deep in the waiting room of the Union depot and every railroad track entering the city was under water.

The damage to the railroads in and near the city is considerable.

The city is in total darkness at night. The water was a foot deep in the electric light powerhouse.

Many bridges in the county were washed away. The total loss probably will not be less than \$400,000.

Five small houses were overturned or demolished near the banks of Hogan's creek in the negro part of the town. Many others in the same locality were rendered uninhabitable.

No Revolution in Bolivia.

Washington, May 14.—Reports of a revolution in Bolivia which have been received in this country were denied officially at the Bolivian legation at night. The reports had grown out of a movement of a body of miners against their employers.

REFUSED AN AUDIENCE

PRINCE FERDINAND FAILS TO MEET THE EMPEROR OF AUSTRIA.

REAL AUTHORITY OF SOFIA

Vienna Officials Believe It Is Lodged in Macedonian Committee—Chief Danger in the Balkans Now Lies in the Turbulence of the Turkish Population—Attitude of Sultan's Government Viewed With Distrust.

Vienna, May 14.—The Austro-Hungarian squadron has been ordered to leave Salonica. The turret ship Wien, will, however, remain there.

The request of Prince Ferdinand of Bulgaria for an audience with Emperor Francis Joseph apparently has been refused. Prince Ferdinand has passed through Vienna and Budapest returning to Sofia, where he arrived Wednesday. While here he had no communication with the Austrian foreign office.

Recent happenings in Macedonia have by no means strengthened the prince's position, and it is a question in official circles here whether the real authority of Sofia is not now lodged in the Macedonian committees.

The chief danger in the Balkans is now thought to lie in the turbulence of the Turkish population, whose fury against the Christians threatens to start a conflagration. The attitude of the Turkish government is viewed with much distrust by diplomats here. It is feared that Turkey will permit the massacre of Christians, thereby enabling the Moslems to expend their wrath.

Immediate developments are awaited with the greatest anxiety.

The resources of Turkey are said to be so strained as to compel the advance against the Albanians to be suspended. It is believed that the mobilization of 100,000 men was only effected with the aid of the sultan's private purse. The sultan has just consulted the former vizier, Said Pacha, on the situation, and it is reported that his majesty has summoned a financial commission to consider negotiations to effect the payment of the troops in Macedonia and Albania, the army contractors having refused further supplies.

LETTER FROM GENERAL MILES.

Asks What Portions of His Reports Were Given to the Press.

Washington, May 14.—Secretary Root has received a letter from Lieutenant General Miles asking what portions of his reports were given to the press, by whom made public and to whom furnished. The reply to General Miles will show that the adjutant general's office furnished copies of that portion of General Miles' report bearing on the military conditions in the islands, together with replies of the heads of bureaus to whom the report had been referred for remarks concerning the matters under their direction. The reply also will show that the judge advocate general furnished a complete copy of the report on cruelties and atrocities, together with a copy of the letter of the judge advocate general to the secretary of war which told what the department had done concerning the subject treated in General Miles' report. It has been charged that all of General Miles' report was not furnished to the press by the war department.

AMERICAN TRACT SOCIETY.

Seventy-Eighth Annual Meeting Held in New York.

New York, May 14.—The seventy-eighth annual meeting of the American tract society was held during the day. The Rev. A. P. Plumb of Boston presided. Secretary C. L. Shearer reported that in general the year had shown an advance in nearly every department, notably in the number of new publications and in the extent of colportage.

The financial report showed total receipts for the year of \$383,983, and total disbursements of \$377,291.

HARRIMAN'S TRAIN STOPPED.

Wyoming Sheriff Serves Legal Papers on Railroad President.

Salt Lake, Utah, May 14.—A special to the Tribune from Evanston, Wyo., says that Mr. Harriman's train was stopped by the sheriff at Evanston and legal papers served on the railroad president. It is probable that Mr. Harriman will come to Salt Lake and appear in the federal court.

The papers were served in connection with the suit of the heirs of former Governor Durkee against the Central Pacific railroad involving something like \$27,000,000.

CASHIER UNDER LINCOLN.

Former United States Treasury Official Dies in St. Paul.

St. Paul, May 14.—Samuel E. Middleton, cashier of the United States treasury under the administration of Abraham Lincoln, died suddenly yesterday afternoon at 4:20 o'clock at 185 Pleasant avenue. He formerly was a well-known business man of St. Paul, but recently resided in Duluth. His sudden death is supposed to have been due to heart disease. He was for a time business manager of the Superior Leader.

ONE MAN KILLED.

Passenger Train Collides With a Freight in Nebraska.

Lincoln, Neb., May 14.—The Wyoming passenger train on the Burlington, bound for Lincoln, collided with a freight four miles out of Lincoln. One man was killed, two injured and the passengers were shaken up. The dead man is William Batten, passenger conductor.

The passenger was an hour late and was running fast to make up time. As it rounded a curve near Burnham station, the freight appeared a short distance ahead. The engine was reversed and the three trainmen, who were in the cab, jumped. Conductor Batten struck on his head and was almost instantly killed. The fireman remained in the cab and brought the train to a standstill just as it grazed the freight caboose.

EIGHT BUILDINGS ON FIRE.

One Life Lost and Many Firemen Sustained Injuries.

Leominster, Mass., May 14.—Eight buildings were on fire at one time here in the afternoon. Property valued at \$60,000 was destroyed, one life was lost and many firemen sustained injuries. The first fire was an incipient

one, in the factory of the Sterling Comb company. Then a blaze started in North Leominster which proved serious. It started in the premises of Phelps & Harrison, tanners, and curriers, and destroyed several buildings. Flying sparks started the other fires.

ARRESTED IN NEW YORK.

Former Boston Lawyer Charged With Grand Larceny.

New York, May 14.—Moody Merrill, a former Boston lawyer, was arrested here on a charge of grand larceny and was held for examination Friday. The arrest was made at the request of the Boston police, the specific charge being the larceny of \$19,000 said to have been held by him in trust, for which offense he was indicted in Boston Jan. 23, 1892.

Boston, Mass., May 14.—Moody Merrill, who was arrested at New York, has been an exile from Boston for nearly ten years. Here he once had a high reputation in business, politics and society. He left suddenly one day and the charges made at the time created no little stir. According to the police there is an indictment in five counts alleging the misappropriation of about \$60,000 in trust funds.

ARE YOU AFFLICTED WITH

THE ITCH KING ECZEMA

The prevalence of Eczema among the young and old is due to the introduction of poisonous matter in the blood. Those pimples, sores and eruptions upon the face, neck and body are all caused by impure blood. ECZEMA is a living fire to the blood, and the blood dries the skin with the fuel of its impurities, remove the impurity and the trouble passes away. MEDERINE is a specific blood purifier that cleanses, filters and purifies the blood of every possible taint, and quickly and permanently cures Eczema. Thousands of well-known citizens in every section of the country have been cured by the MEDERINE treatment after all other remedies had failed. This is the reason that every bottle of MEDERINE is sold on the positive and absolute guarantee that it will cure.

Eczema on Face and Neck.

Sam S. Clark, St. Joseph, Mo., writes: I have been afflicted for years with pimples and blotches on my face and neck. I was a sight to look upon. After trying all the best known remedies for 18 months, I tried MEDERINE, and it cured me and my face is now free from pimples, blotches and all signs of Eczema. I never had an expression order for another course of treatment for a friend of mine.

Eczema Permanently Cured.

Mrs. Francis L. Conroy, Memphis, Tenn., says: I write to tell you that my Eczema of twelve years standing is cured. All the little pustular eruptions on my back and legs have disappeared. The skin of my body for years was covered with reddish spots and inflammation, which would swell, while between my toes the flesh would peel off, and the itching and burning at times was almost unbearable. I tried doctor's prescriptions and other sure cures with no success.

Write MEDERINE REMEDY CO., Duluth, Minn., for their system of treatment. All letters answered. Illustrated booklet containing testimonials of cures mailed free.

PRICE, \$1 PER BOTTLE. Sent express prepaid if your druggist does not carry MEDERINE in stock 6 BOTTLES FOR \$5.

MEDERINE OINTMENT The new treatment for Eczema, Salt Rheum, Old and Running Sores, Boils and Ulcers. 50c per box. MEDERINE SOAP for toilet, bath and nursery, retards the skin, a complexion beautifier, a perfect cure for Dandruff and all scalp and skin diseases. Price 25c.

Mederine Remedies are Sold and Guaranteed by

OLAF SKAUGE

LOCAL NEWS NOTES.

Sheriff George Hardy came down from the north this morning.

L. J. Cale returned from a business trip north this morning.

Rev. G. G. Ferguson returned from Pine River this afternoon.

General Manager Gemmell is up north on the M. & I. on business.

George Scott, of Hibbing, has been in the city for two or three days on business.

P. B. Nettleton will move his office from Palace Hotel to the Columbian block next Monday.

Attorney F. W. Hall, of Aitkin, was in the city for a short time this afternoon on business.

Surveyor R. K. Whiteley left this morning for Crow Wing and other points south on business.

Ed. McClary left last night for Topeka, Kansas, to assume his old position with the Santa Fe.

The Skyscrapers played the Southsiders yesterday afternoon at a game of base ball and the latter team won, score 7 to 1.

Court Magnolia No. 54, United Order of Foresters, will give a dance party at Columbian hall on Friday evening, May 22.

William Henry has returned to Brainerd from Staples and has taken his old position at the Arlington hotel lunch room.

H. Peterson, the machinist, who has been at the Northern Pacific Sanitarium for some time was able to be out and down town today for the first time.

M. K. Swartz is engaged in curbing, grading and sort of macadamizing Bluff avenue in front of the residences belonging to Messrs Farrar, Snyder, Camp and Butts.

There will be a regular meeting of Modern Samaritans tonight at 8 o'clock in their hall. All members are requested to be present as there will be business of importance.

Eugene Wood, who has been with his brother, William Wood, in the barber shop under the Swanson hotel, has secured floor space in the East hotel, East Brainerd. He is well known in the city and as he has a good location and is a good workman he should do well.

Officer Hurley returned this afternoon from Aitkin where he went as a witness in the case of the state against Roy Smith, arrested in this city last February, charged with stealing an overcoat from the Willard House, Aitkin. Smith was indicted and this morning plead guilty to the charge of larceny in the second degree.

Dr. Mowers returned from Duluth this afternoon.

Dr. J. L. Camp returned from Duluth this afternoon.

Rev. C. E. Farrar returned from Royaltou this afternoon.

Judge Fleming returned from Duluth today where he has been on legal business.

Miss Mary Peterson left last night for Minneapolis where she will visit for some time.

Misses Clara and Mary Small went to the Twin cities this afternoon for few day's visit.

R. G. Vallentyne has sold the M. Peterson property at 1119 Oak street S. E., to Wm. McClusky. Consideration \$1,600.00.

Dr. Robert. Forbes, presiding elder, will be here to preach at the Methodist church, both morning and evening next Sunday.

Miss Whitaker and Miss Strangways, popular nurses at the N. P. Sanitarium, left this afternoon for a few day's visit at St. Paul.

D. M. Clark & Co., oldest and largest installment house in the city. Goods sold on easy terms.

Awnings! Awnings!! At D. M. Clark & Co's. 30tf

A Startling Test.

To save a life, Dr. T. G. Merritt, of No. Mehoopany, Pa., made a startling test resulting in a wonderful cure. He writes, "a patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles so I prescribed them. The patient gained from the first, and has not had an attack in 14 months." Electric Bitters are positively guaranteed for dyspepsia, indigestion, constipation and kidney troubles. Try them. Only 50c at H. P. Dunn & Co.

English Manners.

An English innkeeper was found in bed one morning with his throat badly cut. "Why did you do it?" they asked. He replied: "For amusement. I had nothing else to do."

This chimes in curiously with an old French epigram on English manners and customs:

Here lies Sir John Plomponding of the Grange,
Who hung himself one morning for a change.

Spring Fever.

When Dame Nature gets spring fever,
Then Dame Nature gets to work,
And that bird or bud would grieve her
That would ever its duty shirk.
So she goes abroad and hustles,
Clothes the trees, makes birds to sing;
Aye, she strenuously tussles
With her fever in the spring.

When a woman gets spring fever,
She will take the carpets up;
Hubby dums like any beaver;
On the porch he has to sup.
When the carpets say, "Come, tack me!"
Then he swears like anything,
For he knows he's reached the acme
Of her fever in the spring.

When a fellow has spring fever,
Love to nature he will make;
In his heart he will receive her,
And the woman gets the shake.
With the daffodil and daisy
He'd fain loaf awhile and sing,
For it makes him very lazy,
Does the fever in the spring.
—Pittsburg Dispatch.

Hardly.

Willie (at his lessons)—I say, pa, what's a fortification?

Pa—A fortification, my son, is a large fort.

Willie—Then a ratification is a large rat.—Lyre.

They Did.

"Do minstrels take in this town?" inquired the advance agent of the Colossal Black Cork troupe.

"Well, the last that were here did," responded the innkeeper sourly.—Chicago News.

You cannot tell by the size of a man's home the size of his happiness.—Tallage.

INDICATIONS POINT TO A SETTLEMENT

SPECIAL TO THE DISPATCH:

ST. PAUL, MINN., MAY 14—The committee of trainmen and conductors met with the delegation of Twin City business men in General Manager Wards' office this morning to consider the Great Northern situation. The conference adjourned at noon to meet again at 2.30.

It is reported that the indications point to a settlement of the differences.

RAILROAD GOSSIP

The Soo has already commenced work on its extension north of Glenwood.

The Northern Pacific is planning some extensive improvements in the Duluth yards. New tracks will be laid and other changes made to meet the requirements.

The Northern Pacific will start a crew of 200 men on the Dakota division main line this week, laying steel. New rails are to replace the old ones from Fargo to Alta and from Berea to Bloom, making a total of seventy-five miles of new steel. On the west end of the division thirty-six miles of steel are to be laid. The new rails have been distributed from Fargo to Alta. The new rails weigh eighty-five pounds. The heaviest previously in use has been a seventy-two-pound rail. The change is necessary because of the heavy engines now used on the road.

The steel gang will consist of "white men" as the railroad boys put it. Dagos will do the pointing up and surfacing work, following up the steel gang.

It is stated that the entire branch of the Northern Pacific from Oakes to Staples will also be relaid with new eighty-five pound rails this year.

This morning the new patent weed burner, which has been built at the Northern Pacific shops in this city, was taken to Fargo and will be given a thorough test out from there. This burner is a great improvement over the old ones now in use on the Northern Pacific. On the old burners the flame was in front of the car, but on this one all the fire is exactly in the center. It is built of iron all the way through. The oil used is gasoline, but none of this is burned, and thus it is figured that not so many ties will catch fire as in the past. The condensed air, which is forced through a tank of gasoline is what creates the flame, which is regulated by a series of little valves which run through a basin extending down nearly to the track. The burner is a complete production of the Brainerd shops.

BODY OF AGATHA REICHLIN.

Authorities Will Exhume It to Settle Strangulation Dispute.

Lorain, O., May 14.—At a conference between Detectives Mintz and Goldsmith, Coroner French and County Prosecutor Stroup at Elyria, it was decided to exhume the body of Agatha Reichlin at Elyria today.

This action is taken to satisfy the authorities as to whether Miss Reichlin had been choked into unconsciousness before she had been assaulted with the heavy stone. Two physicals made conflicting statements on this point.

Marriage in Turkey.

The dowry of a Turkish bride is fixed by custom at about \$1.70, which amount, for politic reasons, is seldom departed from, even by the rich. The wedding day is invariably Thursday, and the customary wedding festivities begin on Monday and last four days. They are carried on by men and women separately, and each day is distinguished by a different ceremony. No spoons or forks or wines are used at the wedding feast.

Growth of Miners' Union.

S. M. Sexton, editor of the United Mine Workers' Journal, makes some very interesting comparisons in the current issue of that paper, giving the membership, growth and financial standing of the mine workers' organization during the five years that John Mitchell has been president of that body. President Mitchell was elected in 1898:

On Dec. 31, 1902, according to the official audit, there was in the treasury the sum of \$1,027,120.29.

This is a tremendous showing in both men and in money. A glance at the figures prove that there has never been a retrograde in either the number of members or in dollars since John Mitchell assumed the helm.

Comes With Fine Athletic Record.

Prof. J. B. Roche, of Grand Rapids, Michigan, who has spent the winter teaching professional business men and women physical culture in Duluth, has arrived in Brainerd with his family, for the purpose of organizing classes in physical culture, and are stopping at the Arlington hotel.

PROF. J. B. ROCHE.

This matter of proper knowledge and care of the body has been almost a life study with Prof. Roche. As a natural athlete he has shown himself peculiarly fitted to instruct others in a proper development of the muscles and to help others bring out the best that is in them by the adaptation of scientific principles to physical exercise.

It is hardly necessary to recall the benefit many men and women of sedentary life have obtained from what is known as the Roche system—the development of muscles, bringing with it grace of strength and the glow of health. Mr. Roche not only teaches all the movements of this system but has introduced original ideas into his work that have produced wonderful results in himself and his pupils.

The muscles should be exercised for several reasons—because they are such a large part of the body. Nearly one-half the weight of a man is muscle. When the muscles are exercised all the other parts of the body are refreshed. You may exercise the brain vigorously while muscles are quite idle and the blood circulates no faster. The heart is chiefly composed of muscles and when we exercise it beats more strongly and the blood flows more rapidly not only through the muscles, but through the skin, liver and stomach. Exercise removes all waste matter from the blood and purifies the system and wards off numerous diseases, such as paralysis, paresis, apoplexy and nervous complaints in their various forms.

To be healthy and strong is a goal every woman, as well as man, should aim for. Health means happiness and a healthy body generally means a healthy mind.

The breathing exercise is one of the main features of Roche's system, and it is the only system without the use of apparatus which develops the vital strength and gives you strong stomach, heart and lungs and fills your veins with rich blood and nerve force. Are you suffering from indigestion, headaches, pains in the limbs or back. If so you can't omit your name from the Roche system.

Classes will be organized for both sexes, young and old. Mrs. J. B. Roche will conduct the ladies' classes, giving women an equal footing with men.

A FEW HINTS.

"What is your opinion of physical culture as taught by mail?"

Answer—"The same as all other mail order schemes."

Exercise should be taken through an instructor in person, one who thoroughly understands the human body.

Prof. Roche has some gilt edge testimonials from his pupils:

From Ex-Congressman,

PAGE MORRIS,

Duluth, Minn., May, 2, 1903.

To whom it may concern.

I have taken lessons in physical culture and the breathing exercise from Prof. J. B. Roche and cheer-

HE DROPPED DEAD IN HIS GARDEN

Comrade William Roberts Dies at
Late Hour Yesterday After-
noon of Heart Failure

AN OLD RESIDENT OF BRAINERD

He Leaves a Wife, Five Daughters
and Five Sons to Mourn
the Loss.

Comrade William Roberts, a member of Pap Thomas Post, G. A. R., of this city, dropped dead very suddenly yesterday afternoon shortly after 3 o'clock near his home on Whitely street East Brainerd.

Shortly after dinner the old gentleman went out to his garden with a grape basket full of potatoes which he intended planting. About 3 o'clock his wife was attracted by sounds as of groans from the garden. She hastened to the scene and found her husband prostrate on the ground, his face up. He called to her to throw her apron over him as the sun was hot. She did this and started to get a doctor. The old gentleman was carried into the house by some neighbors but he died in fifteen minutes and before the doctor arrived. Heart failure was ascribed as the cause of the sudden taking off.

William Roberts was in his seventy-seventh year. He had lived with his family in this city for a long time and was highly respected by all who knew him.

He leaves besides his wife to mourn the loss five daughters and five sons as follows:

Mrs. Lizzie McLaren and Mrs. Maggie Biddings, of Dawson City, Y. T.; Mrs. Jennie Dodd, Chicago; Mrs. John Wilson, Bemidji, and Miss Fannie Roberts, Duluth. John, Thomas, Henry and Charles Roberts are residents of the state of Montana and will Roberts lives in this city.

The funeral services will be held on Saturday afternoon at 2 o'clock from the Mill Mission, and it will be under the auspices of Pap Thomas post, of which the deceased was a faithful member.

All the healing, balsamic virtues of the Norway pine are concentrated in Dr. Wood's Norway Pine Syrup, nature's own remedy for coughs and colds.

INTERESTED IN PULP MILL.

Gentlemen from Various Cities of the Northwest in Brainerd to Look Over New Pulp Mill Site.

Supt. C. I. McNair, of the Northwestern Paper company, is in the city today making arrangements for the starting up of the mill, recently built by the company near the dam. It is now expected that the machinery will be started in about five days.

There are a number of gentlemen in Brainerd with Mr. McNair, who are interested in the business, and they are spending the day looking over the site and the new mill. The party is composed of: E. P. Denkmann, Rock Island, Ill.; C. R. Musser, Muscatine, Ia.; L. B. Grant, Chicago, Ill.; E. M. Hoover, Little Falls; B. S. Whitman, Cloquet and C. I. McNair, Cloquet.

Quick Arrest.

J. A. Gullidge of Verbena, Ala. was twice in the hospital from a severe case of piles causing 54 tumors. After doctors and all remedies failed, Bucklin's Arnica Salve quickly arrested further inflammation and cured him. It conquers aches and kills pain. 25c at H. P. Dunn & Co., druggist.

BASE BALL NUBS

Next Saturday afternoon the Little Falls high school base ball team will play the local high school team in this city. Little Falls is said to have a fast team, having been defeated but once this season. The local boys defeated St. Cloud last Saturday and will be in good condition for the Little Falls game. Tasche will pitch for Brainerd while Lang will do the honors for Little Falls.

JAMES GRASSER IS DISCHARGED

Court Commissioner McFadden Decides That His Arrest Yesterday After Hearing was Not Good.

Judge McFadden, as court commissioner, who issued the writ of habeas corpus yesterday afternoon in the case of the state against James Grasser, arrested for illegal fishing, and who took the matter under advisement, decided late in the afternoon to release the prisoner, declaring that the arrest was not legal.

The court commissioner had nothing to do with deciding the case from the standpoint of legality of fishing, but only on the point of the arrest made yesterday. Grasser was discharged by Judge Warner yesterday morning on motion of County Attorney Crane, it having been shown that the fish in question were caught in Cass county and therefore the court had no jurisdiction. The writ of habeas corpus was secured just as the prisoner was being taken to Walker, having been rearrested. His attorney, W. H. Crowell, contended that the arrest was not legal in that the officer had no warrant and as it was a misdemeanor the officer was by law required to see the act committed before detaining the accused. The county attorney held that where an arrest was made by a state game warden that it continued; that his jurisdiction extended over several counties and the relations between he and the court in Brainerd and Walker were identical.

The game warden will now have a warrant sworn out at Walker and Grasser will be rearrested.

DR. J. L. CAMP NAMED

As a Member of the Advisory Commission for the New State Sanatorium for Consumptives at Walker.

Governor Van Sant has named the advisory commission for the new state sanatorium for consumptives at Walker, consisting of the five following physicians:

George R. Weier, New Ulm, for one year; A. P. Williamson, Minneapolis, two years; James L. Camp, Brainerd, three years; Dr. George S. Wattam, Warren, four years, and Dr. H. Longstreet Taylor, St. Paul, five years. Mr. Williamson is the representative of the homeopaths provided for in the bill.

Dr. Camp, of this city, one of the members of this commission, also served on the commission appointed in the first place by the governor to look into the feasibility of establishing a sanatorium of this nature.

COMMENCEMENT FOR THE YEAR 1903

Brainerd High School Exercises
will be Held on Tuesday
Evening, June 2.

THE CLASS NUMBERS FIFTEEN.

Rev. Mr. Leonard, of Fargo, will
Deliver Baccalaureate Address
—Special Music.

The commencement exercises of the Brainerd high school will be held on the evening of June 2 at the Brainerd opera house. This year the exercises will consist of the baccalaureate address by the Rev Mr. Leonard, of Fargo, and some special music.

There are fifteen members of the class this year and they are all well known young people of the city.

There will not be the usual preparations by the members of the class in the way of orations and essays, the address taking the place of this feature of the program this year.

The following are those who are in the school and are attempting to complete the course, others being doubtful as it is the law to mark pupils withdrawn after an absence of three half days:

Anderson Edith	Eastman May
Barron William	Edwards Lillian
Boyle Edward	Leach Stella
Brookway Helen	O'Brien Giles
Brown Mabel	O'Brien Mabel
Cannon Mayme	Smith Edith
Doran Robert	Stickney Clarence
Sykes Pansy	

Lost—A Parkers fountain pen. Reward. Return 413, Second St. N. 293-13

WILL HOLD INSPECTION.

Captain Dwyer of the 22nd U. S. Inf., will be here on Tuesday Next to inspect Company F.

There will be an inspection of Company F, N. G. S. M., on Tuesday evening next. Captain Dwyer, of the 22nd U. S. Inf., will hold the inspection. This is being made under the direction of Adj. Gen. Corbin who takes this means to get at the status of the national guard throughout the country.

Lieut. Heffner, in command of Company F, expects a good turnout on Tuesday evening and it is thought with the excellent work of the past few months the company will make a good showing.

Do You Want a Nice Home.

SIMPLE REMEDY FOR CATARRH.

Just Breathe Hyomei Four Times a Day and be Cured.

If a few years ago some one had said you can cure catarrh by breathing air charged with a healing balsam, the idea would have been ridiculed and it remained for R. T. Booth, that eminent investigator, to discover in Hyomei this method of cure.

Hyomei has performed the most miraculous cures of catarrh and is today recognized by leading members of the medical profession as the only advertised remedy that can be relied upon to do just what it claims.

The complete outfit of Hyomei costs but \$1.00 and consists of an inhaler, a medicine dropper and a bottle of Hyomei.

Breathe Hyomei through the inhaler for a few minutes four times a day and it will cure the worst case of catarrh. It soothes and heals the mucous membrane of the air passages, prevents irritation, and effects a complete and lasting cure.

The treasurer of the American Life Insurance company, J. S. Nugent, of New York city, writes: "Hyomei has completely cured my daughter of catarrh from which she has been a sufferer for years."

In Brainerd there are scores of well known people who say they have been cured of catarrh by Hyomei. If it does not cure you, H. P. Dunn & Co., will return the money you paid for Hyomei. This is the strongest evidence that can be offered as to their faith in the remedy.

Mill wood delivered. Your order solicited. W. P. Locke, telephone 288-3w

MUSIC AND DRAMA.

THE MUSICAL FESTIVAL

The festival program by music pupils of the Sisters of St. Benedict will be presented at the Opera House on the evening of June 4. The participants, many of whom give evidence of unusual talent, have been preparing for some weeks past. The first part of the program will consist of musical selections, vocal and instrumental, interspersed with recitations of a high order. The second part, a drill by several small girls of scarf fantasies, and tableau movements by a number of young ladies; also a very beautiful pantomime of "The Ten Virgins" founded on the parable from Holy Scriptures of the five wise and the five foolish virgins.

The humorous vein will not be lacking, as there will be several numbers of a comical nature, and a most enjoyable evening may be anticipated. The tickets are now for sale, a number of which have already been disposed of and no doubt a large audience will be in attendance.

Epworth League Benefit.

The following excellent program will be rendered at the First M. E. church on Friday evening, the proceeds to go to the Epworth League: Organ Voluntary.....Miss Halladay Song.....Apollo Quartette. Lecture "Oregon".....Rev. G. G. Ferguson. Recitation.....Miss Hutchinson and Harry Butts. Duet.....Miss Hutchinson and Harry Butts.

The admission will be 15 cents only. All are welcome.

BUY BIG LAND GRANT.

Minnesota Capitalists Buy Three Million Acres of Land in the Canadian Northwest.

For \$12,000,000 Minnesota capitalists yesterday purchased 3,000,000 acres of land in the Canadian northwest.

The transaction, which is one of the largest land sales ever consummated in the United States or in the Canadas, includes the entire grant of the Canadian Northern Railway company. Not an acre is excepted.

The completion of the transfer, word of which was received by interested parties in St. Paul late last night, was accomplished in Toronto yesterday afternoon by Col. C. A. Davidson, of Duluth. Associated with him in the purchase are A. D. McRae and George C. Howe, also of Duluth; A. R. Davidson, of Little Falls, Minn.; D. H. McDonald, of Fort Q'Appelle, and A. J. Adamson, of Rostero, N. W. T., and George F. Pipier, F. E. Kinston and W. D. Douglas, all of Minneapolis.

St. Paul will be made the distributing point of this unprecedented transaction, and as soon as the required formalities can be completed a new company with a paid-up capital of \$5,000,000, to be known as the Manitoba & Saskatchewan Valley Land company, limited, will be organized.

Offices will be maintained in England for the purpose of interesting colonization and settlement on the new lands.

The lands which Col. Davidson and his associates have secured are located in the choicest part of Canada and include everything in that line owned by the Canadian Northern railway, which is the Canadian extension of the Northern Pacific railroad. The road extends from the boundary line to Winnipeg, and its branches tap much of the Northwest territory. The only railroad lands now intact in the Canadas are those controlled by the Canadian Pacific Railway company.

Canada is just now the Mecca of the land seeker and immigrant, and the consummation of this immense deal puts Minnesota capital in direct control of the movement. Many thousands of strangers are pouring into the country, and the land purchased is directly in their path. As much of this influx is from England, it is for this reason that English offices have been decided upon. They will be controlled from the central office in St. Paul, the same as all the other agencies that are to be established.

The head offices in St. Paul are to be opened in St. Paul at once, and branches, with thousands of agents, will be established all over the United States. In land circles, St. Paul is considered as receiving unusual prestige from the deal.

This is the second big Canadian land deal in which St. Paul has figured, the first being when over 1,000,000 acres of land in the Saskatchewan valley was purchased and put on the market.—St. Paul Daily Globe.

Practical Reasons

Why it pays to trade with us.

WE have the largest stock of up-to-date merchandise in the city of Brainerd. It is marked at lowest cash figures.

WHEN NEGOTIATIONS FAIL.

Railroads Would Compel Employes to

Accept Arbitration.

Chicago, May 14.—The Record-Herald says:

A movement has been begun by the managements of Chicago railroads to compel labor organizations to submit differences to arbitration whenever negotiations between roads and employes fail to end in agreements. The lead in the movement is apparently being taken by the Rock Island, the Burlington and one or two other strong Western lines.

Thus far, the proposition regarding ultimate arbitration has been either refused or dodged by the labor organizations.

The arbitration clause is being proposed with a view of insuring results and increasing the probability of both sides beginning negotiations with a case which they are not afraid to submit to the public. If the railroads cannot induce the labor organizations to agree to the ultimate arbitration plan, it is probable that before long a general arbitration board will be selected to represent all railroads territorially allied.

EMPLOYERS FIGHT BOYCOTT.

Their First Act Is to Prevent a Beer Famine.

Kansas City, May 14.—The 6,000 employes of labor in Kansas City have banded together to fight the members of labor unions who use the boycott to gain their ends, and have organized "The Employers' association."

The association decided to refuse to deliver goods to those places where nonunion men or nonunion made goods are discriminated against. This action has resulted from a brewing company's employing union men and refusing to deliver beer to a hotel bar until the union was recognized.

A member of the association retaliated by refusing to deliver beer to the saloons handling this particular brewing company's beer, with the result that the delivery of beer to the offending hotel was immediately resumed. Several boycotts have been laid against restaurants and various branches of trade in Kansas City with in the last year because of refusal of employers to recognize unions.

CIVIC FEDERATION.

Prominent Men Discuss Labor Troubles in New York.

New York, May 14.—The executive committee of the local Civic federation entertained the visiting committee at dinner at night. Senator Hanna said labor troubles are to be deplored because they threaten the commercial supremacy of the country, and Archbishop Ireland added that Europe is hoping that labor strikes will restore to Europe the markets of the world now being threatened by American competition. The archbishop, President J. D. Underwood, of the Erie, and John Mitchell urged the conciliation committee of the local body to use all endeavor to bring about a settlement of the difficulties in the building trades.

BUSINESS MEN EXCITED.

Will Meet to Consider Injunction Issued Against Them.

Omaha, May 14.—Quiet prevailed in Omaha during the day and business in some cases were resumed by places that have been closed by the strike. The injunctions issued by Judge Dickenson against the employers has caused excitement among business men. What steps they will take, if any, to carry the matter higher has not been decided upon, but a meeting of the Business Men's association will be held Friday to consider it. The restraining order is acknowledged to be a precedent in the matter of injunction and has put an entirely new factor into the strike situation.

Factory Closed by a Strike.

Decatur, Ill., May 14.—Six hundred men were thrown out of work at the Mueller factory by a strike of thirty coremakers who demanded \$2.50 a day. The firm alleges that it has an agreement fixing the present scale until December 1. When the coremakers struck, the firm ordered the closing of the entire factory.

DOCTORS READ PAPERS.

Discusses Medical and Surgical Aspect of Certain Diseases.

Washington, May 14.—The subject which occupied the attention of the Congress of American Physicians and Surgeons was "The Medical and Surgical Aspect of the Diseases of the Gall Bladder and Bile Ducts." Papers were read by Dr. John H. Musser, of Philadelphia, the new president of the American Medical association; Dr. George E. Brewer, New York City; Dr. C. A. Harter, New York; Professor Ewald, Berlin, Germany; Dr. William J. Mayo, Rochester, Minn.; Professor Hans Kehr, Halberstadt, Germany. The papers were followed by a discussion by Drs. Frank Billings, George Dock, W. S. Halsted and Henry Sewall. The affiliated societies elected full complements of officers.

There was considerable discussion of the methods employed by Dr. Lorenz, the distinguished Austrian surgeon, and his work was both criticized and lauded.

The congress decided to postpone the next meeting to 1907 in order to avoid conflicting with the International Association of Physicians and Surgeons which is to assemble here in 1906.

TRIAL OF RELIANCE.

New Cup Defender Carries Her Sails Handsomely.

Bristol, R. I., May 14.—The trial of Reliance from Bristol to Newport through lower Narragansett bay was in cracking breezes from the south-west, which caused something of a sea in the lower bay. The new main sail showed no wrinkles, while the club topsail set handsomely and the topsails were satisfactory.

A Novel Race.

A motor car race, in which the cars are to run backward, is being organized in Belgium.

MANY PEOPLE PRESENT

PRESIDENT ROOSEVELT BREAKS

GROUND FOR THE M'KINLEY

MONUMENT.

PRAISE FOR PREDECESSOR

Chief Executive Says No Man Since

Lincoln Was as Universally Loved

In This Country as Was President

McKinley—Speech at Mechanics' Pav-

ilion of Peculiar Interest to Cali-

fornia People.

San Francisco, May 14.—President Roosevelt arose early and at 9 o'clock left the Palace hotel, escorted by a squadron of cavalry. The streets were lined with people who cheered as the president's carriage passed on the way to Native Sons hall, where a reception in the president's honor was held. After addresses of welcome, Mayor James D. Pheelan presented to the president a souvenir of the occasion, the work of a native sculptor, representing a bear hunt, reproduced in gold. In accepting the gift President Roosevelt responded in a happy manner to all of the addresses of welcome.

The presidential party then proceeded to Van Ness avenue, where thousands of school children had assembled. The pupils of the many schools carried banners beautifully worked in silks and other fine fabrics. Others were headed by drummer boys. Every child had a flag, which was waved as the president passed.

After the review of the children, the president drove through the Presidio and had a glance at the buildings, the barracks of the different troops and the new fortifications which stand at the entrance to the harbor and command the bay. He continued the drive along the new road and finally reached the golf links, on which the military review was held. General MacArthur was in command. The men marched past with the tread of veterans—infantry, artillery and cavalry. Each arm of the service made a most imposing spectacle.

The presidential party was then driven through Golden Gate park to the Cliff house, where luncheon was taken with members of the executive committee, Governor Pardee, Admiral Bickford and other invited guests. The return was through the park.

Large Crowd in Waiting.

The party halted at the Baker street entrance, where a large crowd was in waiting to watch the president turn his shovelful of earth for the McKinley monument.

The ceremonies were opened by Chairman A. A. Watkins, who presented to Mr. Roosevelt a souvenir shovel made from the material of which the monument will be built.

President Roosevelt said that it was appropriate that the first shovel should be turned in the presence of the old comrades of President McKinley in the time of 1861-65, and said that no man since Lincoln was as widely, universally loved in this country as was President McKinley.

Many representatives of the Spanish-American War Veterans, the Grand Army of the Republic and the pioneers were in attendance and they were referred to in eulogistic terms by the president in his remarks.

From the park, the president was driven directly to the Palace hotel, where he rested until evening.

At night, at the Mechanics' Pavilion, the president made the most important speech delivered since he left St. Louis. His subject, "Expansion and Trade Development and Protection of the Country's Newly Acquired Possessions in the Pacific," together with the advocacy of a greater navy, was one that made his discourse of particular interest to the Californians, and he aroused his auditors to a high pitch of enthusiasm. It was a mighty gathering that listened to the president.

GUESTS OF DETROIT.

Lord and Lady Minto Entertained in

the Michigan City.

Detroit, May 14.—For two hours in the evening Lord Minto, governor general of Canada, Lady Minto and Lady Eileen Elliott, their daughter, accompanied by Major Maude and Captain Graham, the governor general's aides-de-camp, were the guests of the city of Detroit. Thousands of people enthusiastically cheered the governor general and his party as they drove through the streets from the ferry to the Russell House, where a reception was held, at the close of which the distinguished visitors were tendered a luncheon.

Four companies of the First United States Infantry, seven militia companies and two divisions of the Michigan naval reserve acted as the governor general's escort on his drive through the business section of the city.

Lord and Lady Minto expressed themselves as greatly pleased at the warmth of their reception, which they said had never been exceeded in a Canadian city.

Laborer Fatally Wounded.

Anderson, Ind., May 14.—James Green, aged thirty-five years, a laborer, was shot and fatally wounded during the G. A. R. parade by John Coburn. The shooting occurred in a big crowd on Main street and at the time Governor Durbin and staff were passing. Coburn is a nephew of former Chief of Police Amos Coburn.

Ferryboat Damaged by Fire.

Washington, May 14.—The ferryboat Columbia, plying between this city and Alexandria, Va., was damaged by fire to the extent of \$45,000, nothing remaining but the hull. The vessel had tied up at her wharf for the night. So far as known no lives were lost.

Wealthy Lumber Dealer Suicides.

Chicago, May 14.—William Congdon, a wealthy lumber dealer, committed suicide at his home on Forest avenue.

GARDNER GETS DECISION.

Marvin Hart Claims a Broken Hand

and Quits in Twelfth Round.

Louisville, Ky., May 14.—George Gardner was given the decision over Marvin Hart at the end of the twelfth round in their fight before the Southern Athletic club. Hart, at the end of the fight, claimed that his right hand had been broken, and gave up the fight. The combat was fiercely waged. Hart was strong and his blows were powerful, but Gardner was much faster and landed oftener. Both were very weak at the finish. The fight was to have gone twenty rounds at catch weights.

It was still anybody's fight in the twelfth in spite of the fact that Gardner was the cleverer. He hit Hart as often as he desired, but his blows lacked force. Hart surprised the crowd by claiming a broken right hand and his seconds threw up the sponge. Hart was battered up about the face, while Gardner was unmarked.

Brother Gus Wins His Fight.

Savanna, Ga., May 14.—Gus Gardner of Philadelphia, brother of George, and Billy Armstrong of California, went on for twenty rounds at 135 pounds here at night. The contest lasted three very fast rounds, when Gardner, with a left hook to the jaw, put Armstrong out.

GANS DEFEATS TRACEY.

Oregon Man No Match for Colored

Lightweight.

Portland, Ore., May 14.—At the Pastime club Joe Gans, the colored lightweight of Baltimore, and Tom Tracey of Portland met in a contest which was scheduled for twenty rounds. In the middle of the ninth round Tracey's seconds threw up the sponge. Tracey was no match for Gans and after the fourth round there was never a doubt about the result. Gans weighed 135 pounds, while Tracey just reached the 140 mark.

Damaged in Collision.

Detroit, May 14.—The steamer Keefe of the Great Lakes and St. Lawrence River Transportation company collided with whaleback barge 130 in Lake St. Clair late in the afternoon and was so badly damaged that she was compelled to stop at U.S. port for repairs.

TELEGRAPHIC BREVITIES.

Twenty men were killed in strike riots at Valparaiso, Chile, on May 12. The weather prevented the Shamrocks from venturing out Wednesday afternoon.
